PROFESSIONAL SUMMARY

Frontend Developer with **2+ year** of experience delivering **8+ client projects** across diverse industries. Proficient in React.js, JavaScript, HTML5, CSS3, and Bootstrap with hands-on exposure to e-commerce, hospitality, and admin dashboard projects in a startup environment. Skilled at translating client requirements into polished UIs through **3–5 iterative feedback cycles** independently and efficiently.

WORK EXPERIENCE

Frontend Developer · Bits & Bytes Services Pvt. Ltd.

Aug 2024 – Present

- Developed responsive web interfaces for **8+ client projects** across e-commerce, hospitality, car rental, and job portal domains using React.js, HTML5, CSS3, and Bootstrap.
- Built **5–10 reusable React.js components** and managed application state, delivering consistent UI behavior across **4–6 screens per project**.
- Owned **50–70% of frontend architecture** within a 2–3 member team, delivering complete client websites in **1–2 week turnaround cycles**.
- Collaborated directly with **3–5 clients** through **3–5 iterative feedback rounds** per project, ensuring high alignment with business expectations.
- Ensured cross-browser compatibility across **3 major browsers** and full responsiveness across **desktop, tablet, and mobile** for all delivered projects.

Web Development Intern | Netleap IT Training & Solutions

2023 · 6 Months

- Built responsive web pages across **4–6 screens per project** using HTML5, CSS3, JavaScript, Bootstrap, and React.js fundamentals within a collaborative intern team.
- Gained hands-on experience with React.js fundamentals, contributing to frontend development tasks alongside a collaborative intern team.
- Developed and styled UI layouts using Bootstrap, ensuring mobile-friendly and visually consistent interfaces across projects.
- Strengthened core web development skills through real-world project exposure, working with HTML/CSS/JS in a structured team environment.
